

Free Storyboarding Tools for Professionals: StoryBoom Empowers Creators

Kentfield, CA, April 2025 — StoryBoom, a groundbreaking app for professional storyboarding, is now live and offering an unmatched Free Starter Plan tailored for creative professionals. Designed by a dedicated team of experts, StoryBoom combines accessibility, flexibility, and powerful features to empower filmmakers, writers, artists, and storytellers worldwide.

Revolutionizing Storyboarding with a Free Starter Plan

With our mission to “cut costs, not creativity,” StoryBoom’s Free Starter Plan redefines the industry standard, delivering professional-grade tools without hidden fees, time limits, or restrictions. This robust plan allows users to collaborate with up to 3 members, access all features, and create up to 5 storyboards with a total of 80 scenes—all without requiring a credit card.

Truly Free Tools — professional-level features available to everyone, at no cost.

No Expiration — enjoy continuous access without time limits or gimmicks.

Empowering Accessibility — by removing financial barriers, StoryBoom has been built to serve creators everywhere.

“StoryBoom is designed to break down barriers with accessible and affordable storyboarding tools. Our goal is to be the favorite app for professionals, dedicated to cutting costs—not creativity.” said Sergey Martinov, Founder of StoryBoom

Real-Time Teamwork

Collaboration is at the heart of StoryBoom. With real-time notifications and intuitive tools, teams can brainstorm, iterate, and bring stories to life—no matter where they are. StoryBoom also includes full-featured commenting, allowing users to leave detailed feedback on individual scenes. Additionally, the Share feature offers flexible access control, with options for expiration time limits and roles such as commenter or viewer-only, ensuring secure collaboration.

Seamless Device Compatibility

Our intuitive storyboard app is crafted to work seamlessly on any of your favorite devices, delivering professional-grade tools without compromise. Whether using a smartphone,

tablet, or desktop, StoryBoom adapts intelligently to all screen sizes—even displays large enough to cover an entire wall. This feature makes it ideal for professional studios, enabling teams or entire film crews to view storyboards collectively and gain clear direction. No other app offers such robust mobile and multi-display compatibility.

Flexible Growth Tailored to Your Needs

StoryBoom grows with its users. Whether starting small or scaling up, its intuitive pricing calculator enables users to build custom plans that align with their creative journey. As you grow, expand your team by adding members or increasing your scene capacity to suit your project's needs. With unlimited storage managed entirely by us, you only pay for what you use beyond the free plan. Need to scale down? Adjust your plan anytime—keep it under the free limit, and it's free again.

About StoryBoom

StoryBoom is driven by a small, dedicated team of creators committed to transforming the creative process with innovative, user-centered storyboarding. As a privately owned company headquartered in Kentfield, California, we prioritize our users' needs over profit-driven motives. We aim to connect the global creative community through an intuitive and powerful tool that offers accessible, flexible, and affordable solutions.
